# THE 2008 SEASON AHEAD

The Charlotte 49ers Athletic Media Relations Department sat down with Jeremy Gunn to get his thoughts on the 49ers men's soccer program and the 2008 season. Last season, the 49ers reached their first-ever Atlantic 10 Tournament Championship game.

**Gunn guided the 49ers to 12 wins, which is ties him for the most wins by a first-year coach at Charlotte. How did your first season at Charlotte go and where does the program go from here?**

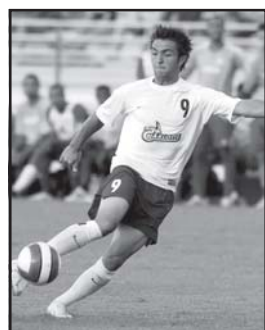

Year one went very well when you consider where we were in the Spring of 2007. We graduated eight starters; three were keepers off the 2006 team. Therefore, last season could have been a real tough time. We made solid progress in the first half of the season and then had an absolutely tremendous second half of the year. Overall, I was extremely happy with last season. As we look forward to the 2008 season, we can afford to be optimistic. As a coach, I have learned so much about how to do a preseason here, it's a little different in the heat and humidity that what I was used to coming from Colorado. I'm really excited about the upcoming season. So much happier with where we are as a program, but obviously, the results are what everyone else on the outside judges you by, so its important to get off to a better start than last year.

**What are your goals for the season?**

We'll always set our goals high. The important thing is that we want our guys to come in fit and hungry. If they do that we can have a great preseason and be much more prepared for the early season than we were last year. The goal is to compete to get an at-large NCAA bid through our performance throughout the season. We want a good A-10 season and to win the regular season championship. We want to be in position where at the end of the season we are playing good enough soccer to put together three wins and win the A-10 tournament. Once you get into the NCAA Tournament you need to play well and anything can happen. You look at 2008 College Cup participant UMass. We beat them at home last year and we were the better team. They deserved to beat us in the final where we just didn't have the depth to play with them. The run they had was unbelievable. The better you are, the loftier your goals can be, but certainly we are capable of reaching all those goals. It is important to get off to a great start this year.

**The 49ers reached their first-ever Atlantic 10 Tournament Championship game. They lost to Massachusetts in the Championship game and UMass went on to play in the College Cup. What does it mean to the returning players to have experienced a conference tournament championship game?**

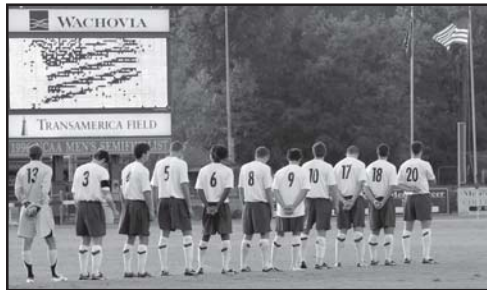

From year to year you always have to hope that you are inspiring your players to want to improve. I just feel as though we have a wonderful air of optimism in the program, the players are very excited. The four seniors that we lost were great guys and were a tremendous help to me as a coach in transition. I couldn't have wished for a better group of leaders to help me out. Graham Tatters was a tremendous leader in the back, he was monumental. He'll be a big loss, not only for his work and his desire, but on all set pieces. In the air he would win everything. It's, tough to replace a guy like that but as long as find someone to fill Graham's shoes, we should be in a position to keep getting better.

**Chris Salvaggione**  
1st Team All-Atlantic 10

**The 2008 schedule features three regular-season tournaments including a home tournament with UAB, Davidson and Winthrop. The 49ers also have non-conference home games against Central Florida, Elon and UNC Greensboro. The 49ers conclude the non-conference portion of their schedule at national power Maryland. Charlotte also plays five A-10 home games against Dayton, Duquesne, St. Bonaventure, Saint Louis and Xavier. What do you think about the 2008 schedule?**

It's very tough. We've managed to beef up the schedule again. We've added a couple of strong opponents. One of my goals for the program each year is to qualify for the NCAA Tournament with an at-large bid, strengthening our schedule is a big step toward achieving this goal. In order to accomplish that goals, you have to have a really strong schedule. Last year we were in the top 30 or 40 in the country in regards to the number of wins, but our strength of schedule wasn't as high as some of the stronger programs. Our non-conference schedule prepares us for a really tough A-10 season where ultimately we want to be regular season champions and A-10 Tournament Champs. For our home games, we would like to bring the best collegiate teams in the country here and we also want to go play those teams. We are going to College Park to play Maryland, which is one of the most decorated programs in the country over the last ten years. That's really exciting for me as a coach and for the players because we want to compete again the best teams in the country.

**2007 A-10 Tournament Finalists**

**The Atlantic 10 Conference has sent two teams to the NCAA Tournament in each of the last two years including 2007 College Cup participant Massachusetts. What do you think about the Atlantic 10 Conference?**

The Atlantic 10 is a tough conference to be in. There are some fantastic soccer playing teams and there are physical teams that are very difficult to play against. We have 14 teams, so the odds are already stacked against you. This coming season I know now what to expect in conference play which will be a major improvement from last year. More importantly our young team will know what to expect. As a coach there is only so much you can do to prepare a team, and there is nothing better than having seasoned warriors who are going into battle. They can respond much better. I truly believe that you have to have experience within an environment before you can be successful.

**Despite the graduation of Tom Woollard, who scored seven goals last season, the 49ers return players who accounted for 24 of the team's 37 goals led by first-team All-Atlantic 10 selection, Chris Salvaggione. What do expect from your forwards?,**

Chris Salvaggione had a great first year here and was certainly a force to be reckoned with. He is one of those players that catches the eye of the opponent because he is quite sharp and always very lively. We are hoping that he can have another great year. Andres Cuero, who was a freshman last year, is a special soccer player and I'm positive that he'll score goals for us. Andres looked very sharp in the spring. We really expect him to have a breakout year this season. We have other options, Kevin Fox and Kent Long can go up front, redshirt freshman Aaron Kepler had a good spring and we're hoping he'll compete for time. We are also very excited about addition of Evan James, who proved at the club level that he can score a lot of goals.

**The 49ers entire midfield returns, led by juniors Adam Gross and Luke Exley. Those two players combined for six goals and five assists in the midfield. What do you expect from the midfield this season?**

Luke and Adam return after having good seasons last year. We are also hopeful that seniors Kent Long and Jeff Favitta go out in style with a strong season. We have recruited some quality midfielders who will give us many more options across the middle than last year. Owen Darby, a local product from Charlotte's South Mecklenburg High School, is a very tenacious central midfielder. Jason Hawes will compete for a spot in the middle of the field. Julien Brown Latham is a very speedy wide midfielder. Justin Tucker and Matt Weston are two guys who will play out wide as well. Isaac Caughran is another central midfielder who will push for playing time. Redshirt freshman Matt Wallace can play anywhere across the midfield. Last year we had a starting lineup without much competition for playing time. This year, we expect to have many more options at every position.

**The 49ers will try to replace All-Atlantic 10 Tournament selection defender Graham Tatters, who was a senior last season. The 49ers return three of their four starting defenders that anchored a 49ers defense which limited 14 foes to a goal or less. What is your thought on your defense?**

Graham was a big loss, he was a leader in the back, vocally, but his ability to win the ball in the air was tremendous. Nathan Mathers, Tyler Duncan and Josh Norwood are returning starters. Three of our back four as well as our starting goalkeeper returned which means that we should have a solid foundation defensively. We have a lot of new players vying for playing time in back. Isaac Cowles had a tremendous academy season and he is already physically mature and may be that enforcer in the back. Charles Rodriguez is another defender and is more of a Rolls Royce. Alexander Deitz can play anywhere along the back and is a great competitor. Ryan Swain gives us another experienced player in back. Kellen Frye gives us another option at left back. Again, we've got lots of options back there and we really should have the players competing for time and competing for places.

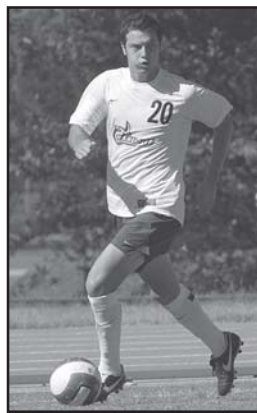

**David Martin**

**Two-year starting goalkeeper David Martin has the program's second lowest career goals against average at 0.96. What do you think about your goalkeeping situation?**

When we look at how we prepare as a program, last year I didn't feel that David had done his homework in the summer. He didn't come into preseason sharp and fit like he should have done. The great news is that he played himself into form and had a tremendous second half of the season. David has been in town most of the summer and he is going to be fit and sharp and as a result we are going to be much more prepared for this year. He has two tremendous seasons and has a lot of experience under his belt. The hope now is that you can hit the ground running and play well from day one so that you can put yourself in a position to get an at large bid to the NCAA Tournament. Hopefully he'll have another great year. He has been a tremendous asset to the team, he has been rock solid, and hopefully we can see that again. Coming in to compete with him are Jonathan Frances, a transfer from Rutgers University-Newark and Robert Propst, a local kid from Concord's J.M. Robinson High School.

**Luke Exley**

**Kent Long**

**The program according to Jeremy Gunn...**

**What would you tell someone that has never been to a Charlotte 49ers men's soccer game to expect to see when they come?**

They will see that we are well organized, we are well disciplined, and we certainly play as a unit. We defend in a way that is very tough to break down. Meanwhile, when we are winning the ball, we try to go for the jugular. We want to go at people, we want to take chances, and we want to look to score goals. We want to play exciting soccer where the ball moves very quickly and the players move off the ball quickly. Teams I've had in the past have been capable of being among the nation's leaders in goals scored as well as goals against. We want to be good at both ends of the field, but definitely, we want to play a high tempo soccer that is exciting to watch and gets people excited in the stands.

**After being at Charlotte for a year, what do you like about being a coach here at Charlotte?**

The administration here is fantastic. The facilities and the way that the players are treated is absolutely first-class. The players are treated well. The training field is immaculate. The game stadium (Transamerica Field) is beautiful. Charlotte, North Carolina is a wonderful part of the world to live in. Its very simple to say, the goals need to be the same as everything that surrounds us. Two things are quite simple. There will never be any excuses from me. It takes time to create a squad that you want to compete with. The reality is we have every opportunity to have one of the best teams in the country, and that's what we'll be looking to do.

**What are some of the things you look for in a prospective Charlotte 49ers men's soccer player?**

There is an awful lot of parity and a lot of vanilla soccer players out there that are quite good technically, quite sound, but are fairly average. I like to see players that have a little bit of an edge to them, who are competitors. If people have a little bit of that guile then you can work with them, because you can work on some of the technical aspects through their career, but you can't teach savvy and having something special about you. We definitely want quick, sharp soccer players who can play a fast, attacking brand of soccer. The type that will move and think quicker than their opponents. I also want to work with student-athletes with a personality.

# CHARLOTTE 49ERS MEN'S SOCCER

Dear 49ers Soccer Family, Friends and Fans,

Welcome to an exciting new season of Charlotte 49er Soccer. We begin with a wonderful air of optimism. We are excited to return seven starters from the 2007 season and feel we have added a wonderful class of bright new stars.

Despite the 2007-08 year being somewhat of a personal learning curve the team had a stellar year on and off the field. In the classroom the Niners posted a team GPA above a 3.0, while in the community we were very active with all levels of young soccer players.

On the field we reached the Atlantic 10 Tournament Championship game for the first time, and narrowly missed out to UMass for our first-ever A-10 crown.

As we look forward to the 2008 campaign we know we have a squad with much more strength and depth. We will still have many young faces, but we feel confident that we have created much more competition for places. Furthermore, we now have returners who already know the style of soccer we hope to make famous at Charlotte. Having a year of experience together can be pivotal in building from our success in 2007.

Through the past year I have seen how the attraction to Charlotte is obvious. The city is exciting, vibrant, and offers a wonderful lifestyle. The university offers academic excellence on a beautiful campus. The athletic facilities are comparable with the best in the country.

We are honored and truly fortunate to be a part of Charlotte 49ers athletics, with its rich tradition all built through the hard work of the university, the support staff, my predecessors, and our proud alumni.

We want to continue to produce well-rounded student athletes who can enjoy their best years of life at Charlotte, while graduating with a marketable degree. We want to play an exciting brand of soccer that will mesh grit and determination with skill and flare. We want to share this with our alumni, the campus community, and the local communities, creating a special extended family for everyone. Ultimately, year after year we want Charlotte to be recognized as one of the best soccer programs in the country.

As we work towards our lofty goals, you will see how Charlotte 49ers Men's Soccer parallels the city and the university. Both already have so much to be proud of, and yet both are very much an unfinished work of art. The city continues to prosper as the major growth capital of the South. The university surges forward with increased student enrollment and additional state-of-the-art facilities. The 2007 season was a beginning of a journey, one which we hope to continue in a positive fashion in 2008.

Sincerely,

Jeremy Gunn

## Head Coach Jeremy Gunn

**Record At Charlotte:**  
12-7-2 (1 year)  
**Career Record:**  
135-42-19 (9 years)

A new era in Charlotte 49ers men's soccer began, December 26, 2006, when Jeremy Gunn became the sixth coach in the program's history.

In his first season with the 49ers, he guided Charlotte to their first-ever appearance in the Atlantic 10 Tournament Championship game. In 2007, the 49ers won 12 games

of athletes, but I felt our players benefited so much more from becoming mentally strong preparing for and coping with the stress and excitement of high level competition. Our work with Danno not only enhanced our performance on the field, but also translated into our student-athletes being successful, happy, confident people in general."

The biggest coaching influence on Gunn's career came recently working for three years with former Arsenal Football Club of England Youth Coach, Andy McDermid.

"It was quite humbling working with someone who has coached at one of the biggest professional clubs in the world," Gunn said. "Andy's knowledge and experience in the game are second to none in the United States, and so I couldn't have wished for a better education in coaching. Through Andy's guidance I really felt we created a far superior training environment than what most collegiate players experience."

Gunn also draws experience from a highly successful playing career. Growing up in England he was a youth player at Grimsby Town F.C. and Scunthorpe United F.C., while representing the North Region as an English Schoolboy. A first team all-American at Cal-State Bakersfield, Gunn played professionally from 1993-95 with the Chico Rooks Pro Soccer Club in Chico, Calif., the North Bay Breakers in Rohnert Park, Calif.; and in 1998 with the Nashville (Tenn.) Metros and the Charleston (S.C.) Battery of what is now called the United Soccer League (formerly the A-League).

### Community Involvement...

Gunn has already shown a great commitment to developing youth soccer in the Charlotte area. The team are very visible with coaching camps and clinics at the young recreational ages, while Gunn and his staff are all involved in the United States National Academy Program. Our commitment to youth soccer is important for a number of reasons. We want our student-athletes to be quality role models, and hope that in turn we will gain greater community support. At the older ages I feel it is important that we share the "Charlotte Way" so that college prospects can judge the excitement surrounding our program for themselves.

Now, at Charlotte, Gunn is excited to put his wealth of experience into practice in a new environment with new challenges. The opponents and the geography have changed for Gunn, but the philosophies that have taken him to five final fours will stay the same.

"Many players and coaches feel that you have to make the choice between being a hard working winner or just having fun and enjoying yourself," Gunn said. "It is my job as a head coach to allow players to train and play in an environment where they can do both."

The Harrogate, England native graduated from Cal-State Bakersfield with a degree in Business Administration, Management Information Systems. He earned a Master's Degree in Business Administration, Management Information Systems, in 1999 from Cal-State Bakersfield.

which tied Gunn with Frank Kohlenstein (1989) for the best record by a coach in their first season with the 49ers in the program's history.

### At Fort Lewis College...

Before taking over the reins of the 49ers men's soccer program, Gunn spent eight years as head coach at Fort Lewis College in Durango, Colorado. He guided the Skyhawks to three NCAA Div. II Championship games in those eight years, including each of the last two years. Fort Lewis won the 2005 NCAA National Championship and finished as the NCAA runner-up in 2006 and 1999. Gunn was named Div. II National Coach of the Year in 2005 by the National Soccer Coaches Association of America (NSCAA) after leading the Skyhawks to the National Championship and an unbeaten 22-0-1 season.

"We are thrilled to have someone of Jeremy's caliber leading our program," said Director of Athletics Judy Rose. "We had tremendous interest in this position from all over the country and the quality of applicants was very strong. Jeremy has enjoyed immense success as a head coach and is driven to bring that type of success to Charlotte. He was highly-successful as a player who has a great passion for the game and high expectations for our program."

A 1993 graduate of California State University, Bakersfield, Gunn had been head coach at Fort Lewis for eight years, winning six Rocky Mountain Conference (RMAC) championships, three NCAA Mid-West Regional titles and advancing to the NCAA National Championship game three times. He was named the 2005 NSCAA Div. II National Coach of the Year and the Mid-West Region Coach of the Year in 1999 and 2005. He boasts an eight-year record of 123-35-17 and led the Skyhawks to the RMAC Championship in each of the last three years.

In 2006, the Skyhawks posted a 21-2-1 record, finishing second in the 2006 NCAA Tournament and second in the NSCAA national poll. The Skyhawks were led by Daktronics Div. II National Player of the Year John Cunliffe, who scored a school record 29 goals. The three-time all-America scored 75 goals in his four-year career.

A five-time RMAC Coach of the Year, Gunn began his coaching career at his alma mater as an assistant coach in 1993. He served as an assistant coach with Cal-State Bakersfield's men's and women's soccer programs from 1993-1999. Cal-State Bakersfield won the 1997 NCAA Div. II National Championship and advanced to the 1995 NCAA Final Four. While serving as the men's assistant coach, Gunn also performed duties as the acting Head Women's coach during the women's program's first two seasons. Gunn was named CCAA conference women's coach of the year having led the Roadrunner women to a conference championship and national ranking in only their second season.

### Gunn's Mentors...

Gunn attributes much of his success to the great mentors that he has had during his coaching career. At Cal State Bakersfield he spent ten years with a former NSCAA coach of the year, Head Coach Simon Tobin.

"When I arrived as a player at Cal-State the team had struggled to survive – Coach Tobin had inherited a team that had been 1-59 in conference," Gunn said. "Ten years later we had won five conference titles and a National Championship. I had the invaluable experience of being a part of something growing from start to finish. I learned the value of immense hard work, dedication and a sheer desire and ambition to be the best."

Moving on to Fort Lewis College Gunn found US National Staff Sports Psychologist, Dr. Dan Friegang as a mentor.

"Danno was incredible in helping me to mature as a leader and communicator, as well as teaching our players how to make the most of their abilities," Gunn said. "Coaches often emphasize and understand the physical training

**David McBurney**  
Trainer

**Head Coach:** Jeremy Gunn (California State-Bakersfield, 1993) Second Season

**Assistant Coaches:** Kevin O'Brien, Todd Herman

### **Kevin O'Brien** *Assistant Coach*

Kevin O'Brien has been a member of the 49ers coaching staff since the 2002 season and is in third season as the program's top assistant coach and recruiting coordinator. His recruiting knowledge has paid dividends as the 49ers have posted a 21-12-7 record mostly with underclassmen on the roster over the past two seasons.

He has been an assistant at the collegiate level for 12 years, the professional ranks for one year and brings a wealth of knowledge to the 49ers program. Before moving to Charlotte, O'Brien spent the 1997-99 seasons coaching at the Creighton University (Missouri Valley Conference) and the 2000-01 seasons at Oregon State

University (Pac-10).

"In order to have an NCAA Tournament caliber program, we must recruit well and coach well," O'Brien said. "Looking towards the future, I feel supremely confident that the program is in great shape in both of these departments. We are holding our players accountable, in both training and games, to a standard of play that is higher than ever before."

The College of Charleston graduate brings a great deal of playing experience to the 49ers' coaching staff. In his college days, he was a two-time All-TAAC and All-TAAC Tournament selection at the College of Charleston. In 1994, O'Brien helped lead the Cougars to the NCAA quarterfinals (losing to UCLA 3-2) and an NSCAA Top 20 National Ranking. In 1995, he was named to the NSCAA All-Region team, played in another NCAA Championship, and was voted to play in the Umbro Senior Bowl Game.

He played for several professional teams since his graduation in 1996. In 1996, he was a member of the South Carolina Shamrocks. In 1997, he played for the Charleston Battery. In 1998, he was a member of the Charlotte Eagles. However, he did not play professionally during his time coaching at Oregon State. In 2001, he returned to the Eagles and led the A-League franchise to consecutive playoff appearances. He captained the Eagles team for both the 2003 and 2004 campaigns.

He holds a USSF "A" License and the NSCAA Advanced National Diploma. He has spent seven years coaching in the Olympic Development Program (ODP) and won a National Championship with the '88 Boy's North Carolina ODP team in 2006, and took the N.C. '91 Boy's to the Nationals in 2007. O'Brien will be leaving the ODP program in 2008 and will join the U.S. Soccer staff as a Developmental Academy head coach with NMSC.

O'Brien married his wife, Shannon, a former University of Arizona women's soccer player and former Charlotte Lady Eagle, on April 12, 2003. They reside in Charlotte and have a one-year old daughter Keely.

### **Todd Herman** *Assistant Coach*

Todd Herman is entering his first season as an assistant coach with the Charlotte 49ers after spending nine years as the Davidson College assistant coach and Director of Coaching for North Meck Youth Soccer Association.

"I'm honored and privileged to be a part of the great staff here at Charlotte," Herman said. "I couldn't be more excited to work at such an excellent academic institution and to be involved in building one of the top soccer programs in the country."

Herman was the starting goalkeeper at Pfeiffer University for four seasons before playing professionally in the USISL. In 1993, he served as the assistant coach of the inaugural women's soccer team at Pfeiffer University after serving as the men's assistant in 1992.

He holds a US Soccer "A" license and the NSCAA Premier Diploma. He is currently the head coach of the U16 USSF Academy at SCSA and has been involved in the North Carolina ODP program since 2000.

The Hampton, Virginia native graduated from Pfeiffer with a degree in Sports Management in 1996. Herman resides with his wife Paige in Huntersville, NC.

## DAVID SCHLEE MEMORIAL AWARD

David Schlee was Charlotte's first-ever four-year letter winner, a key figure in Charlotte's rapid soccer development. From the initial year that the 49ers fielded a team (1976), when the program struggled to a 3-10 record, to the year he graduated (1979) and helped the Mean Green post a 16-7-1 record, Schlee was always ready to go, ready to make the extra tackle or extra run. The soccer program is earning national attention and Schlee's a winner who will be remembered as a dedicated individual who helped lay the groundwork for the 49ers' success.

Schlee was tragically killed in a motorcycle accident on the eve of the 1980 Sun Belt Conference Tournament. An annual memorial award in his name has been established, thanks primarily to former Athletic Foundation Board of Directors' member Dick Dunn and his son, David, a three-year letterwinner. An award is presented at the end of each year to the 49er soccer player that best exemplifies David Schlee's desire to succeed.

# THE ATLANTIC 10

On March 2, 1975, the idea of what is now the Atlantic 10 Conference was conceived. What started as an eight-school, men's basketball-only affiliation has grown into a 14-university, 21-sport league that is universally hailed as one of the best conferences in the country.

That growth and prominence is a direct result of the ideals and commitments of the member institutions of the Atlantic 10 - the University of Dayton, Duquesne University, Fordham University, The George Washington University, La Salle University, University of Massachusetts, University of North Carolina at Charlotte, University of Rhode Island, University of Richmond, St. Bonaventure University, Saint Joseph's University, Saint Louis University, Temple University, and Xavier University.

On June 2, 2008, Bernadette V. McGlade was named the fifth full-time commissioner in Conference history, replacing Linda Bruno, who held the position for 13 years. McGlade's experience in collegiate athletics as a student-athlete, coach and administrator spans more than thirty years.

"Bernadette's deep experience with arguably the class-act athletic conference [Atlantic Coast Conference] in the country makes us incredibly excited to be bringing her on board as commissioner of the Atlantic 10 Conference," said Father Michael Graham, Xavier University president and president of the Atlantic 10 Presidents' Council.

The presidents and chancellors of Atlantic 10 institutions have made a strong commitment to making the academic and athletics equation work. Over the years, the league membership has strived to better recognize the academic accomplishments of its student-athletes. The Commissioner's Honor Roll, which cites every Atlantic 10 student-athlete with a 3.5 grade point average or better, recognized 1,247 student-athletes in the Fall 2007 while 1,106 were named to the Spring 2008 Honor Roll.

The league sponsors Academic All-Conference teams in each of its sports and honors one student-athlete per sport as the A-10 Student-Athlete of the Year. In 2007-08, 192 student-athletes earned Academic All-Conference recognition. Moreover, the Atlantic 10 provides four postgraduate scholarship grants to qualified student-athletes.

The Atlantic 10 Conference had 34 teams among the 712 Division I sports teams honored by the NCAA with public recognition awards for their latest multi-year Academic Progress Rate scores. These teams posted multi-year APR scores in the top 10 percent of all squads in their respective sports. Saint Louis and Xavier led the Atlantic 10 in the number of high-performing squads receiving awards with six teams each. In twenty of the twenty-one sports sponsored by the Atlantic 10, the league's Academic Progress Rates (APR) were at or above the conference average nationally according to the most recent data released by the NCAA.

The Atlantic 10 Conference, with a total population of nearly 74 million people within its geographic footprint of eight states and the District of Columbia, will crown champions in 21 sports this season: baseball, men's and women's basketball, men's and women's cross country, field hockey, men's golf, women's lacrosse, men's and women's indoor and outdoor track & field, women's rowing, men's and women's soccer, softball, men's and women's swimming & diving, men's and women's tennis, and women's volleyball.

**JUDY ROSE  
DIRECTOR OF ATHLETICS**

Charlotte 49ers Director of Athletics Judy Rose is one of the most successful and well-respected Athletics Directors in the nation.

At the time of her appointment in 1990, she was just the third female to be put in charge of a Division I program. In 1999-2000, she became the first female to serve on the NCAA Division I Men's Basketball Committee. She also served as 2003-04 President of the National Association of College Directors of Athletics (NACDA).

With the 49ers, she has overseen the 49ers moves from the Sun Belt Conference to the Metro Conference to Conference USA and onto the Atlantic 10 in 2005-06. She has helped raise monies for new athletic facilities, including the James H. Barnhardt Student Activity Center (Dale F. Halton Arena), the Miltimore-Wallis Athletics and Academic Training Center, the Irwin Belk Track and Field Center (Transamerica Field), the Wachovia Fieldhouse and Robert and Mariam Hayes Stadium (Baseball).

At the same time, it has been under her leadership that the 49ers athletics program has enjoyed its best success. The men's basketball program has copped nine NCAA bids under her reign and men's soccer has enjoyed five bids, including a trip to the 1996 National Semifinals. Baseball, women's basketball, women's soccer, men's golf and men's tennis have all notched their first-ever NCAA bids during her tenure and the 49ers have landed their first-ever individual NCAA qualifiers in indoor and outdoor track and field. In addition, the 49ers have nabbed first-ever conference championships in men's tennis, men's golf, men's and women's cross-country, men's and women's indoor and outdoor track and field and softball. The men's golf program has enjoyed back-to-back top ten finishes at the NCAA Championships. Since she became A.D., 14 of the school's athletic programs have either won league titles or been represented in NCAA play, or both. In addition, it is under her watch that the 49ers department has expanded to include opportunities in women's soccer and men's and women's track and field.

Along the way, Rose has reaped her share of awards, most notably the 2001 NACDA Southeast Region Athletic Director of the Year Award. Other awards have included the Pegasus Award in 1999, the 1996 Bob Quincy Award by the Charlotte Sportsman Club, and the 1996 Charlotte Regional Sports Commission "Sixth-Man" Award for city-wide athletic achievement. She was selected the 1996 Woman of the Year in Charlotte and was named the 1997 Citizen of the Year by the University Chamber of Commerce. In 1986, she became the first female inducted into the Blacksburg (S.C.) Hall of Fame and she received her 25-Year Service Award from UNC Charlotte in 2000.

She was inducted into Winthrop's Athletics Hall of Fame, was named one of the city's Top Businesswomen by the *Business Journal* and was recognized with the Judy Wilkins Rose endowment at the University YMCA under Y Pathways program in 2007.

Chancellor J.H. Woodward appointed Judy Rose director of athletics at UNC Charlotte, July 1, 1990. But Rose's commitment to Charlotte's athletic program started well before that. Rose joined the program in 1975 as women's basketball and tennis coach.

She was promoted to assistant athletic director in 1981 and was named associate director of athletics in 1985 as chief administrator to then-athletic director and men's basketball coach Jeff Mullins. In 1990, Mullins was asked by the UNC Board of Governors to relinquish his dual role. Upon that recommendation, Dr. Woodward promoted Mullins to Associate Vice Chancellor/men's basketball coach and Rose was named director of athletics.

Rose graduated with her B.S. degree in physical education in 1974 from Winthrop University, where she lettered in basketball. She received her Master's in physical education from Tennessee in 1975. At UT, Rose was an assistant coach under Pat Summitt.

A native of Blacksburg, S.C., Rose and husband Ken were married July 19, 1986. They live in Denver, N.C.
